

YOUR INSURANCE COMPANY HIRED AN ADJUSTER. --- SHOULDN'T YOU?

Wildfire client testimonial...

"I wanted to take this opportunity to thank you for the incredible job you and your team performed in the adjustment of our property with Farmers Insurance. When you knocked on my door to explain your services, I was initially thinking that I could handle it myself... being an attorney and negotiating was what I did for a living. I now have a beautiful home, nicer than what I had before, through yours and The Greenspan Co./Adjusters International's efforts. Any prospective customers would be crazy not to get you involved right away. You and your firm took a tremendous burden off Annie and my shoulders and we are grateful that we made the right choice in hiring your firm."
