

# Hopeful Kings will make the NBA playoffs?

They are looking good, and I hope they break their no-championship streak. I'm more of a Lakers fan, but if the Kings are trying to get out of their rut, I'll support it.

It would be amazing for the Sacramento Valley to be represented. They kept the stadium in Sac for a reason. They've always had great potential, like when they had Mike Bibby and Stojaković, but something always blocked them.

I honestly don't want the Kings to make the playoffs because they are above my Lakers, who I want to make the playoffs—even though the Lakers won't go that far. I have no hatred or animosity against the Kings; I just love my Lakers.

They have some good younger guys, and some good veterans, too. They're a great fuckin' team.
