

Should Trump be impeached?

Asked at Thursday Night Market

Pia States
registered nurse

I don't think he should be impeached, but I think the world needs a little bit less anger. I think more positive things would be better.

Patrick O'Leary
sustainability coordinator

Yes, I do think he needs to be impeached. He needs to start taking climate change seriously, and we need someone in office who will do that.

Jessie LaPorte
retired

No, just let him do his job. They're out to get him just because they want to.

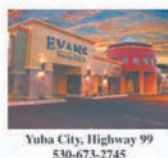

Michael Opp
analyst

I do not think so at this point. We survived 2 1/2 years with him, and I think we can ride out another year and a half and be fine. I'm optimistic, though.
