The cute pets of the CN&R's photo contest

We want to thank the proud parents who entered the cute pet contest on the CN&R's Facebook page. The most "liked" pet was Moose Montana, a Camp Fire survivor with cancer. Congratulations to owner Megan Rawie. Spend every second you can with that adorable dude. And, because one pet pic just isn't enough, the CN&R editorial staff pored over the other entries to choose a few of our favorites as well.
