THE CAMPFIRE EMERGENCY PROJECT IS COMPLETE

We have removed hazardous trees and debris, repaired retaining walls, installed new drainage systems, guardrail, electric elements and a lot more. Although the majority of work is done, the project will remain open through December 2019.

WE THANK THE PUBLIC FOR THEIR PATIENCE AND COOPERATION, AND OUR CONTRACTORS FOR THEIR WORK AND DEDICATION.

Experience...the Difference.

"I had decay in my teeth and they weren't pleasant to look at. Then I heard of Dr. Kremer and... since then I smile a lot and I feel so much better! I really feel this is the best thing I've ever had because I can smile and I just feel happy."—Ruth

Q: I'm missing a few teeth, should I see a dentist, and what would my best option be?

A: Living with missing teeth is detrimental to your health. In a healthy smile, your teeth act as placeholders, preventing one another from moving out of position and irritating your gums, which makes you more susceptible to gum disease. With the help of dental implants, we can fully remedy toothlessness and thus strongly improve chewing and speaking abilities as well as restore a beautiful smile. Here at Kremer Dental, we are happy to offer complimentary consultations!
