Experience...the Difference.

"I had every tooth done with crowns and veneers. I wish I'd done it ten years earlier. It's made me more self-confident."
—Patrick S.

Q: What are my options to repair a cracked or broken tooth?

A: Many people experience a cracked or broken tooth in their lifetime. In most cases, a dental crown is the best solution because it is a restoration that covers a tooth and restores your tooth's natural size and shape. Porcelain crowns also improve your tooth's appearance, as well as your entire smile. Here at Kremer Dental, we are happy to offer porcelain same-day-crowns!
