

Is U.S. headed for war with Iran?

Asked in downtown Chico

Mike Bacior
Retired

I don't think it will happen, but it's a concern for sure. I just feel like our leadership is a little unstable and anything could happen. Hopefully things will calm down and be OK.

Anika Hillin

I'm going to say, no. I just have more faith in us than that.

Tom Witt

instructor

Not really. I feel like it's better that people are able to talk about it a lot more. I'm a little fearful, but not too fearful.

Elizabeth Hillin

substitute
teacher

I don't think we are, and I hope that we aren't. I believe that enough people will step in and intervene before President Trump does anything more to cause a war. Maybe someone will talk him out of doing anything that [keeps] the tensions high. I don't think we are, but it is a scary moment for sure.
