BURN SCARS

The four dudes in local prog-metal crew **Shadow Limb** all hail from the Paradise area, so it makes sense that their new album would be called *Burn Scar*. The only thing is, even though the album came out after the Camp Fire, all of the lyrics were written before the disaster. That is a damn spooky coincidence, one that matches the dark ominous vibe of a heavy shape-shifting disc that gets its proper release party **Saturday (Feb. 8)** at the **Naked Lounge**. S.F. heavy trio **Diastroid** and Chico's **Touch Fuzzy Get Dizzy** open.
