### Are You Unsteady, Dizzy or Worried About Falling? Ask us for a balance evaluation.

Do you know someone suffering from Dizzy spells, Concussion, or Post Stroke and afraid of falling or have fallen in the past? If so, then we may be able to help. At Masula Chiropractic Neurology & Family Wellness, our mission is to "Integrate the best of Chiropractic and Functional Neurological Rehabilitation providing the highest quality of healthcare by the only Board-Certified Chiropractic Neurologist in Butte County. I aim to restore each patient to optimal health and wellness; to recognize the value of all

I meet; and to give unselfishly my time and talents to our families, associates, and our community."

The practice is family oriented, treating all ages from newborns to those that have already lived a full life. Individualized care plans are developed to help patients restore as much quality of life as possible. I will work to correct the cause of your condition and maintain your health, with you as an active participant. "We Listen... We Care... We Get Results!"

## Clinton & Nicole

OWNERS, EARL'S PLUMBING

"Plumbers are late (if they even show up at all!) It seems they charge you whatever they feel like, and if there is an issue with the work performed, good luck getting them back out!" This was the image that the Earls set out to change when they opened in the fall of 1998.

The Earls believe that by looking at how they conduct business from their customer's point of view, they can provide the absolute best plumbing experience. A live operator answers the phone 24/7 and appointments are scheduled in a two hour window, 92% of their customers receive same day service, all their technicians wear booties to protect your home, and a complete written quote is given before any work begins.

"We are proud of our commitment to the environment and offer products and services geared toward energy efficiency." With goals of complete customer satisfaction, and the health and well-being of their North State Community, the Earls are on the road to success.

"Being one of their partners  
**has helped  
us grow**  
and keep current."

Reaching a circulation of over 36,000, we had to make Chico News and Review part of our strategy to reach out to the community. Having been born and raised in this area. I feel it's important to connect and be a part of our community. Being able to share who we are and our commitment is vital. Using the resources of the News and Review allows us to reach more people and business in an economical way. Working with their staff has been helpful in finding out ways to better connect. They are in touch with the local events and people. Being one of their partners has helped us grow and keep current in the area.

## Cal Northern School of Law

For the past 37 years, Cal Northern School of Law has provided an affordable quality legal education to residents of the North State. Both Cal Northern's programs, the Juris Doctor and Master of Legal Studies offer a remarkable educational value.

2019 was a stellar year for Cal Northern! The School's July 2019 1st Time Taker Bar Pass Rate of 77% not only surpassed the California Accredited Law School (CALS) average of 26% but even surpassed the in-state ABA average of 71% and out-of-state average of 73% for 1st Time Takers. Also, in July 2019 the State Bar of California reported Cal Northern's Five-Year Cumulative Bar Pass Rate of 73.9% as the HIGHEST of all the CALS and in September the law school received a recommendation for Initial Accreditation from regional accreditor, WSCUC. This means the law school will now be eligible to apply to the Department of Education for federal financial aid for its students.

Cal Northern is not only essential to its students but also to the community. Its Self-Help Legal Clinic offered in the Spring assists members of the public who do not have access to an attorney with their family law, small claims and landlord/tenant cases. This Spring the Clinic starts February 6th and runs every Thursday through April 23rd from 7:00-8:30pm.
