### He's fired

America needed a big miracle, like the parting of the Red Sea. Like the Egyptians chased the Israelis into the Red Sea of crazy, Trump and his cult of MAGA maniacs chased America right to the brink of destruction. As America ran to the polls, the ugly, contagious tower of red death threatened to wipe America out. As we walked on firm ground with Joe Biden, the red wave crashed on the people supporting it. Still, Trump and his cowardly, brainwashed Republican enablers are trying to lay waste to our country and the Constitution!

There is nothing good about a red wave; it portends death and destruction, exactly what Trump and his troupe of MAGAs have done to America. The depth of their brainwashed commitment to the Devil Trump is shown by the murderous fools in the Senate, who refuse to wear masks.

Congratulations to our President-elect, Joe Biden, and our Vice President-elect, Kamala Harris, on their comfortable, convincing victory over the truly terrible, corrupt racist Republican Trump-Pence ticket. America is back, and diabolical Donald Trump is done!

Like usual, dishonest Trump and his dishonorable, dimwitted sycophants are lying nonstop to the American public, but fortunately a majority of Americans are nowhere near as delusional. Biden-Harris won easily. But Trump continues to whine, cry, complain and compulsively lie to the point where the vast majority of Americans are just laughing at him.

More importantly, Donald Trump is now and will forever hereafter be known as America's biggest loser and laughable liar. Oh yeah, and by the way, enjoy prison, Trump!

### Pride before the fall

I see on TV news the Proud Boys fist-fighting with counter-demonstrators in Sacramento's streets. The Proud Boys

are out in force, but what are they proud of?

Obviously they're not serving in hospital wards, fighting the deadly coronavirus pandemic. Nor are they in the military, helping to defend our dear nation. Neither are they on the front lines fighting our forest fires. Like their idol, Donald Trump, who never performed a day of service for his fellow humans, the Proud Boys fight for a perpetuation of Trump's corrupt regime.

Remember, boys, pride goeth before destruction, and a haughty spirit before a fall.

### Swat tobacco

I am the president of the Students Working Against Tobacco (SWAT) youth coalition at Willows High School.

During my two years as a member and president of this club, we have done an immense amount of tobacco-related work, especially at our local parks. SWAT has conducted many park clean-ups, and we have picked up hundreds of cigarette butts and other tobacco product waste.

Many of the children in our community use the local parks and could be exposed to the toxicity of littered cigarettes or other tobacco product waste. This could lead to experimentation with these products and lifelong health issues. In order to provide a healthier environment and community for our family and friends, we must acknowledge the city guidelines and do a better job of keeping our parks smoke-free.

Please join us in supporting the smoke-free parks policy in Willows and our efforts to keep our parks clean and safe. Our families deserve to enjoy these recreational locations without having their health put at risk.
