

Community Housing Improvement Program

We want to thank our Build Hope campaign sponsors who helped us raise \$40,275 at the end of 2020. The contributions of these organizations and many individual supporters empower CHIP to continue rebuilding the 36-unit Paradise Community Village, constructing affordable single-family homes, and supporting its rental communities through the pandemic. On behalf of CHIP and every resident and homeowner who has a safe, affordable place to call home,

THANK YOU SUPPORTERS!
