Meet the "Royal Weeder"

Fred Marken (founder of La Salles, Grilla Bites, Organic farmer and other adventures) and now back in Chico. Good to be back!

I paid 2 dollars for an organic red onion! So now I have planted a garden...with lots of onions, and garlic of course.

Produce prices are going up... It's time to garden.

I am offering you my newly invented electric tiller.

- Light 3.2 lbs. it gets the weeds out... no bending, saves the back.
- 10-volt lithium battery, yes with charger
- Very strong motor, you cannot stop it...well you could but it would be hard.
- Great for blending compost into the soil tilling around trees and rose bushes. trenching for drip lines and planting
- Comes with a bonus blade a crack weeder that gets the weeds out of cracks fast and easy, driveways, sidewalks, patio bricks.

The Royal Weeder...the perfect "electric" tool for the causal to professional gardener.

Makes a wonderful, useful gift!
