 - High School Soccer Fields, 11725 Donner Pass Road, Truckee, California
 - Tahoe Donner Clubhouse, 11509 Northwoods Blvd., Truckee, California
 - Glenshire Clubhouse, 15726 Glenshire Drive, Truckee, California

GET CREATIVE

- You've got a fireplace or a fire pit? The needles on Christmas trees dry out really quickly and can be used as **kindling**. You can chop the trunk into logs, but be aware that it may take as long as a few months before it's dry enough to burn.
- Have a **chipper party**. You can rent a wood chipper from any number of places in the valley and invite your entire posse for a wood chipping party. Don't get any ideas from Fargo, please—but do distribute wood chips amongst yourselves to use as mulch.
- Use a bandsaw or hacksaw to cut your Christmas tree trunk into **coasters** and **trivets**. The sap may be messy after you've cut the trunk into discs. Once you do, be sure to sand down the surfaces. You can stain them before you seal them—but be sure to use a sealer to stop sap leakage. ☐
