# Older Men in Italy Don't Need ED Drugs! Now We Know Why...

*"My husband shocked me with more passion than he's had in years. He took me in the bedroom like we were newlyweds and gave me a night I'll never forget!"*

### A Secret Any Man Can Use...

*This week I got a letter from a reader in Texas about a "little secret" that has renewed her sex life with her husband!*

*(Texas women are spicy!)*

Tina writes:

Dear Karen,

For years my husband and I had a great love life. He was sexy and passionate and so confident. But when he reached his 50s, he lost some of his old spark, especially in the bedroom. He tried every product out there; prescriptions, testosterone boosters, even male enhancement pills... but nothing worked. I know this is terrible, but I found myself thinking "My strong, passionate husband has become a bedroom weakling." I had no idea it would all turn around in just 3 weeks!

Last month, he came home from a business trip in Europe and shocked me with more energy and passion than he's had in years. He took me in the bedroom like we were newlyweds and gave me a night I'll never forget! It was incredible – and so exciting! The best part is that our love life has been like that ever since. So here we are, closer than ever and enjoying the best sex of our lives... in our 50's!

When I asked my husband, what caused such a dramatic change, he said on his trip he stayed in a hotel room next to an Italian nutritionist and his wife. Through the walls, he heard them passionately making love every night, and sometimes again in the morning! He figured they must be in their twenties, but then one afternoon, he encountered them in the hallway and couldn't believe it. Turns out they were in their 70s!

Instead of being shy and embarrassed that they'd been found out, they were positively glowing and happy to share their "secret." The man pulled out a small black bottle from his

satchel, gave it to my husband and said "These tablets come from a small town up north and are made from naturally pure extracts, packed with densely rich sexual nutrients. They will give you back your vigor in the bedroom and you will perform even better than you did as a young man. Then he laughed and said, "You will become an Italian Stallion like me!"

Italian Stallion is right! These past several weeks have been a dream. My husband's desire for me is through the roof. He's as easily aroused as he was when we were just married, and I'm enjoying some of the best toe curling 'moments' of my life! He's beaming with confidence, and our marriage is stronger than ever.

Karen, my husband has been taking one tablet each morning with breakfast, but now the pack is almost empty and we both desperately want more. Do you know about these tablets from Europe and how to get some in the States?

Sincerely,  
Tina C.,  
Fort Worth, TX

Tina, you and the rest of my readers are in luck because I do know about them. Ever wonder why older men from Italy, Greece, Spain, and all over Europe have the lowest use of ED drugs, but are famous for staying energized, passionate and sexually active well into their golden years? For decades these men have relied on a unique blossom extract, sold under the name Provarin, to enhance their power and performance in the bedroom.

Milled on the fertile northern plains, these pure plant extracts are cultivated along the sea, then finely ground and pressed into tablets. They have a legendary reputation throughout Europe for naturally fueling extremely hard erections. As Giovanni from Amsterdam put it, "It's like sexual rocket fuel, especially for us older guys!"

The best part from a woman's perspective, as you well know, is all that intimacy and passion is enough to send us over the blissful edge! I found out about Provarin a few years ago when I was dating a cowboy from Wyoming. He took Provarin every

morning and believe me, that good ol' boy kept me warm at night!

All-natural and safe to take, Provarin is a well-kept secret for those in the know, and they like to keep it that way. An old-school, family business, they still harvest product by hand and don't do any advertising. Long-time customers and word of mouth ensures their limited stock is sold out every year.

They do have a distributor here in the U.S. and Provarin is surprisingly inexpensive. When I reached out to them for this article, a spokesman told me they were proud to produce the highest quality product for men and couples. He went on to say that if any of my readers call today and mention this article, they'll be offered an ADDITIONAL 50% DISCOUNT, PLUS FREE SHIPPING, AND A FREE BONUS PACK OF 30 TABLETS!

Wow, so there you go, Tina - and the rest of you readers! Use the direct hotline he gave me, so you can be on and off the phone in 5 minutes or less. This offer is only good while supplies last so just give them a call today and mention this article. The number is **1-800-508-1035**.
