## ROBOT REVOLUTION?

**Date:** Wednesday, April 17 | **Time:** 7:00–9:30pm

**Cost:** \$10 members \$15 nonmembers

**Location:** Patagonia Outlet, 130 S. Center Street, Reno

**Ages:** Must be 21 or older (I.D. required)

**Tickets:** 775-786-1000, [sciencedistilled.org](http://sciencedistilled.org), at the door

The challenge of building self-driving cars is not purely a question of engineering; it's also a social one. Human social dynamics deeply affect how we perceive robots and integrate them into our lives. So, for scientists to understand robots, they must also understand people. At this event, our speakers will consider the future of a shared human and humanoid world, exploring new ideas and busting myths along the way.

*Science Distilled, the lecture series created by DRI and The Discovery, makes cutting-edge science approachable through presentations on current and curious topics held at hip locations in a social atmosphere.*
