

IN THEIR HONOR

Every year for Veterans Day, the RN&R publishes a special section in the paper as a tribute to veterans. For each ad sold in this special section, RN&R donates to a cause that supports veterans. This year the recipient will be Veterans Guest House.

The Veterans Guest House provides United States military service veterans and their families temporary lodging while receiving treatment at a medical facility in the Reno-Sparks area. The House is located at 880 Locust Street in Reno, just north of the VA Medical Center and centrally located to all healthcare facilities in the Reno-Sparks area.

Over the past 25 years, the Veterans Guest House has provided over 80,000 guest nights of lodging for veterans and family members. The Guest House is a Nevada 501(c)3 non-profit organization supported entirely by private donations. Guests are asked to donate to defray operating expenses, but no one is ever turned away for inability to contribute.

We salute
our heroes.

Carson Tahoe is proud to honor our military veterans.

Please join us in honoring the brave members of our military, both past and present, for their service.

Our country is home of the free because of the brave.

Today and every day, we recognize the incredible sacrifice of our nation's military members and their loved ones who stand beside them.

Thank you!
