NorCal RoboRumble

OCCAM ATHLETICS, 10AM, NO COVER

Robots may be replacing all of our jobs in the coming years, but that doesn't mean we can't watch them fight each other for our entertainment. The NorCal RoboRumble gives us just that, featuring remote-controlled robots piloted by contestants in a number of battles. There's the classic

SPORTS & OUTDOORS

showdown, with a winner determined by judges,

and sumo battles, wherein two robots enter a circle and one exits—that robot loses. Watch local robots go at it. 1809 23rd St., norcalroborumble.com.
