

Fatal Love

Your feelings for me are so strong.
You can't stop thinking about me all the time.
You will lie for me to your family.
Cheat on your spouse for me.
Turn against your friends for me.
Lose your job for me.
Our love starts out slow and romantic.
After a few dates you're hooked on me
and you are mine.
You will leave your family for me.
Forget your spouse and kids for me.
Now that you're mine,
You will steal for me!
You will sell your body for me!
You will live in the streets for me!
You will go hungry for me, for I come first.
You will put needles in your arms for me!
Another abscess, you will suffer for me!
Go to jail for me!
And when you get out you will come back to me.
You will do anything for me and I mean anything!
You have no shame, but you love me.
You're willing to die for me!
Remember that you love me and you're mine now.
For I am addiction, Welcome to my world.
