

ASKED AT THE WATERFRONT: Worst BBQ side dish?

ZEPHANIAH HAMPLIN SAN JUAN

Coleslaw because I just don't like the texture, and I get disappointed seeing it at every barbecue.

Bad potato salad because sometimes people put too much mustard or not enough ... I only eat my mom's potato salad because she has the best potato salad I ever had.

TINA NGUYEN
assessment specialist

I feel like chips are really basic, like you just buy a bunch of chips and there's no home feel to it and I want something homemade.

CHELSEY BURGESS
photographer

Coleslaw because I hate the mayo and veggie combo. Like, it's everyone's go-to but I'm not a fan.

FRANKIE CRISOSTOMO
dog daycare associate

I would say potato salad because, like, I want a hot dog or a cheeseburger, not potato salad. I wouldn't mind some homemade fries to be honest.

JORGE MARROQUIN
Uber driver

Anything with marshmallows in it. Like, I like marshmallows, but not in real food. It just tastes like candy to me.
