

*"Working with SMUD
really planted the seed
to get us off the ground."*

Daniel Colson, Owner,
DC Enterprises

Wonder

why we
awarded over
\$109.2 million
in local contracts
last year?

We're community-owned, not-for-profit.

Our SEED program helps local small businesses participate in our competitive bid process and become contractors. With partnerships, education and small business incentives, we're actively supporting our economy.
