

## ASKED AT DOGO: How has the housing crisis affected you?

**GERALD MAYFIELD**  
state worker

I own my home, it's paid off ... [but] I wouldn't be able to get a new home. And all my family is in the Bay Area, so that wouldn't even be an option for me.

**EMMA WALKER**  
high school student

My family thought about moving recently, but I know with certain income problems and with housing prices going up, it's been really hard for us to make that transition.

**TRENT GAREWAL**  
IT worker

I live in Roseville. You can't really live in Sacramento.

**GREGG MCMILLON**  
civil engineer

I'm not going to live downtown. I need space and space doesn't exist in downtown. So that was my hard part.

**KATRINA LENI-KONIG**  
energy engineer

I moved from the Bay Area ... That's a big deal for my kids to have to move to be able to afford something. That happened this last summer.

**ADILENE ROGERS**  
librarian

I recently moved here about a year-and-a-half ago because it got so bad in San Jose ... The rent is starting to raise up here ... Within the next two to three years, I'm probably going to have to think about moving again.
