Mike (Dr. Myk) Santori

Graphic designer, Tattooer, Graffiti Artist

Born and raised in Reseda Ca.

Now residing in the Sacramento area
for the last 22 years.

I started graffiti in 1987 to present day.

I have been doing design for signs, textiles
and logos for 22 years and have been tattooing for
the past 15 years.

My style was developed from graffiti
tattooing and cartoons.

I like to create bright, vibrant pieces with
characters and letters.

I tend to keep my art modern and fun with lots of
color, but can get gritty.
